

Dearest

I came last night while you were sleeping as I heard you just lost your very first tooth. Wow! It is so shiny and white! Just how I like them. You must be doing a really great job brushing your teeth. Thank you for your note and leaving your tooth so neatly for me in that beautifully decorated box.

Here is a little something for you- \$5!

Each night I fly around collecting all of the little girl's and boy's teeth that they have lost each day and add them to my collection. I use them for lots of different things around my fairy castle.

Keep brushing your teeth. Remember, I only like teeth that are shiny and white.

See you again when you lose your next tooth.

Love,

The Tooth Fairy
